PRESS RELEASE

March 01 2010

"Support Credit for your Capital" with the collaboration of ATO and DenizBank

"Support Credit for your Capital" special to the members of Ankara Chamber of Commerce with maturities up to 72 months

DenizBank and Ankara Chamber of Commerce (ATO) have joined forces. Denizbank which has differentiated itself with its innovative products and services, offers "Support Credit for your Capital" to the usage of ATO member enterprises in accordance with the needs of these enterprises which carry vital importance to the growth of the economy.

Considering the fact that enterprises cannot sufficiently benefit from financial institutions, DenizBank has signed a collaboration protocol with the Ankara Chamber of Commerce (ATO) which works non-stop to provide its members with attractive financing opportunities.

The signing ceremony that took place in the Ankara Chamber of Commerce on March 1, Monday was realized with the participation of Sinan Aygün, ATO Chairman of the Board of Directors and Hakan Ateş, CEO of DenizBank Financial Services Group.

Within the framework of the signed protocol, enterprises that are members of ATO will be able to use the "Support Credit for your Capital" with maturities up to 72 months and "equal installment" credit opportunity up to 36 months with special interest rates.

"Support Credit for your Capital", the first credit offering long term financing option for enterprises' capital needs to purchase product and services, provides enterprises with the opportunity of meeting their capital needs with 6-year maturities by showing their real estates as collaterals. On the other hand, this new credit putting forth special interest advantages for the members of ATO can be utilized with a grace period of 3 months.

economy cannot access and benefit from financial intermediaries at a satisfactory level. As DenizBank we are trying to do our part. To overcome for this vital deficiency we provide special support credits to enterprises that are members of ATO under the collaboration we have realized with ATO. By collaborating with 240 Chambers of Commerce and Chambers of Artisans besides ATO throughout the country, we have made important progress in terms of enabling enterprises to access and benefit from financial intermediaries. Our works continue and we aim to reach more enterprises by the collaboration protocol we have signed with ATO. As of today, the number of enterprises benefiting from the products and services of DenizBank SME Banking has reached 450 thousand. Our aim is to increase this number to 600 thousand until the end of this year by sharing the differentiation of DenizBank in terms of SME Banking with more enterprises. We aim to offer approximately 70 million TL credit to the members of ATO in 2010.”
