

DENİZBANK STANDS CLOSER TO PRODUCERS WITH ŞARKIŞLA BRANCH!

DenizBank, the private bank that makes the largest investment in agriculture, is expanding its branch network. Keeping contributing to the agricultural development and offering innovative products to the sector, DenizBank targets to render innovative and privileged banking services to people of Şarkışla by the recently opened Şarkışla branch. Mustafa Şahin is the manager of DenizBank Şarkışla branch that was opened on 30 December 2009.

Mr. Mustafa Şahin, Denizbank Şarkışla Branch Manager stated: “As DenizBank we attach great importance to agricultural sector. We are very proud being the first private bank being aware of importance of strategic importance of agriculture, having a special focus on and investing in this sector, which was not really a hot item on the agenda of private banks until recent years. As DenizBank, we set off in order to increase efficiency and profitability of our farmers and help them gain identity of a “businessman”. We are getting one step closer to our target with our product and service offer. As DenizBank, we are trying to be always close to our customers and add value to their financial and social life.”

Expanding customer-oriented approach to all its branches, DenizBank remains ambitious with its “Green Drop” branches designed specifically for needs of agricultural sector.
