

NEW ERA IN DENİZBANK’S “6*6 CREDIT”

Offering new products and services tailored to customers’ different financial needs, DenizBank has widened the scope of its “6*6 Credit” campaign designed and presented for the cash needs of retail customers. Self-employed people having a diploma as well as the public and private sector employees will be able to benefit from this credit.

“6*6 Credit” which is Turkey’s most comprehensive retail credit product is different from other products thanks to its long term maturity alternative and low interest rates. It offers an advantageous solution to retail customers’ cash needs as it has maturity options up to 66 months, the opportunity of delaying the payment until 6 months and interest rates starting from 0.66%. It is possible to apply for this credit without a guarantor for amounts up to YTL 36.000.

DenizBank presented this credit last year and this campaign was preferred a lot and so, it has been widened. With its enriched version, now not only the public and private sector employees but also the self-employed people holding a diploma can apply for this credit under the same advantages.

You can click on [www. denizbank.com](http://www.denizbank.com), visit DenizBank branches and call 444 0 800 to get detailed information about “6*6 Credit”, which has a quick and easy application process.
