"DenizBank will help the Adana enterprises to grow"

The CEO of the DenizBank Financial Services Group Mr. Hakan Ateş, has stated as such in his speech he gave at the signing ceremony of the collaboration; "Adana is among the prominent

cities of Turkey in fields of economy, industry and banking in terms of its export exceeding \$ 750 Million. As of end of last February, the Adana Chamber of Commerce has 24 thousand 385 members. A large part of them are small entrepreneurs. The rate of our small and medium scaled enterprises reaching financial intermediaries and benefiting from them is still not at the desired level. As DenizBank were are trying to do our part in this issue. To close this important gap and via the collaboration we have realized with the Adana Chamber of Commerce we offer special support loans to member enterprises. With the advantages we bring as DenizBank, the Adana enterprises will grow. By collaborating with 240 Chambers of Commerce and Chambers of Artisans throughout Turkey besides the Adana Chamber of Commerce, we have made a lot of progress in helping enterprises reach and benefit from financial intermediaries. We are aiming to reach more enterprises by signing collaboration protocol with the Adana Chamber of Commerce." Hakan Ateş has stated that as of today, the number of enterprises benefiting from products and services of DenizBank SME Banking has reached 450 thousand, "Our aim is to share of differentiation of DenizBank in the field of SME Banking with more enterprises and increase this number to 600 thousand by the year end. We are aiming to offer approximately TL 40 million loan opportunity to our members of the Adana Chamber of Commerce in 2010."
