

DenizBank SME Banking Services for Members of Chamber of Adapazarı Tailors, Haberdashers and Pret a Porter Sellers...

Becoming one of Turkey's leading financial institutions thanks to its productive growth strategy, DenizBank invites all SMEs in Sakarya to DenizBank Adapazarı Branch.

Focusing on SMEs, which it considers as heart of national economy, DenizBank consolidated all its services oriented to this wide customer segment under "SME Banking" umbrella.

Taking into consideration that SMEs' most important problem is not being able to benefit from financial intermediaries as efficiently as they should; in order to meet the huge deficit DenizBank has taken steps by its SME Banking products and services, and also via its financial supermarket approach, DenizBank provides accessibility to all of its products and services. By this way, DenizBank aims at producing financial solutions needed by enterprises while facilitating business owners' lives.

Signing special protocols with Chambers of Commerce and Industry across the country, DenizBank SME Banking grants cash and non-cash loans to member commercial institutions under favorable conditions. DenizBank SME Banking has also signed a protocol with Chamber of Adapazarı Tailors, Haberdashers and Pret a Porter Sellers on 23 January 2009.

"We provide you with the wind to go forward" was the motto addressed to all SMEs in the signing ceremony attended by A. Turgay ÖZÇELİK, DenizBank Adapazarı Branch Manager and İbrahim ÇOKLUK, Chairman of Chamber of Adapazarı Tailors, Haberdashers and Pret a Porter Sellers. Monthly Installment Support Loan, Letter of Guarantee, and Revolving and Spot Loan opportunities are presented to Chamber member enterprises with maturity options from 3 up to 36 months and special interest rates. The only thing the institutions which want to take advantage of these loans should do is to apply to the Chamber which they are members of or to DenizBank Adapazarı Branch...

Loan Models specific to Enterprises

With its "Orange Team", which is composed of more than 550 trained and specialized Portfolio Managers, DenizBank presents its customers various products and services which meet enterprises' demands through its branches across the country.

Breaking a new ground in Turkey by launching a special loan evaluation model specific for SME customers, DenizBank replies each kind of loan application within 72 hours at the latest. With its "Tourism Package" and "Stationery Package", DenizBank gives the enterprises whose income changes according to seasons the opportunity to arrange their loan installments according to seasons with high cash-flow. On the other hand, by providing the enterprises with the products they need together

with the financial solutions they need to purchase the said products, DenizBank's "Ready Fleet" (Hazır Filo) enables all SMEs to lease their vehicles from DenizBank branches.

Breaking new ground in the world: "SME Card"

Distinguishing itself in the sector with its SME Banking products and services especially for the last 4 years, DenizBank has broken new ground in the world with "SME Card", which was introduced on April the 8th, 2008 and which provides SMEs with many advantages.

With the "SME Card" which is designed specially for SMEs, DenizBank gives its customers 4 different loan options via a wide range of banking channels under the umbrella of the same credit card, providing 7/24 non-stop service.

Providing an effective solution in terms of operating costs and time management, "SME Card" enables uniting in a single credit card the Ready Account (Hazır Hesap), Installment Commercial Loan, Sectoral Loans with Seasonal Payments and Business Card products, which are all prepared in accordance with enterprises' needs.

Thanks to "SME Card", enterprise owners are now able to withdraw money from their accounts even when their accounts aren't available for such transaction, to use installed commercial loans for their operating cost needs or they will be able to use their company credit cards for company expenses such as purchasing fuel or booking hotel rooms/airplane tickets. Thanks to the technical infrastructure of the SME Card, enterprises will also be able to arrange their loan repayment options via tellers and ATMs according to the seasonal financial features of the sector in which they operate.
