

## **DenizBank now offers advantages to pharmacists who transfer the contributions they will receive from SSI to DenizBank**

**Offering innovative financial solutions for the sector, DenizBank signed a protocol of cooperation with Turkish Pharmacists' Association. By this cooperation, pharmacists who are members of Turkish Pharmacists' Association and transfer the contributions to be received from SSI for drugs to DenizBank can now benefit from many advantages such as additional contribution to Private Pension contribution shares, banking transactions without any fee, discounted cashier combined POS offers, free cheque book.**

Standing out with its innovative works in the finance sector, DenizBank continues to develop solutions for SMEs. The agreement of cooperation including services full of advantages to be offered to the members of Turkish Pharmacists' Association was signed by the participation of DenizBank SME Banking Group Executive Vice President Murat Kulaksız, Regional Manager Tufan Ergür, Turkish Pharmacists' Association President Erdoğan Çolak and Accountant Mehmet İbrahim Özkol.

Within the scope of this protocol, additional contribution to private pension contributions of the pharmacists as well as credit opportunities with grace period in summer season (june, july, august) are offered to pharmacists. In addition to these, free cheque book, exemption from account handling fee, free eft and intra bank transfers are now offered to pharmacists.

**"We stand by the pharmacists and make their lives easier"**

DenizBank SME Banking Group Executive Vice President Murat Kulaksız stated that they offered diversified opportunities for the pharmacists by this agreement. Kulaksız continued by saying that "We closely follow the needs of the pharmacies, and offer financial solutions for them to manage their costs. By this agreement, we now offer pharmacists who transfer the contributions that they will receive from SSI to DenizBank free banking transactions, additional contribution to their

private pension contributions, discounted cashier combined POS. We do not only aim to meet the current needs of the pharmacists but stand by them at all times.”
