INTERIM REVIEW REPORT AND INTERIM FINANCIAL INFORMATION

To the Board of Directors of Denizbank A.Ş.

Introduction

We have reviewed the consolidated statement of financial position of Denizbank A.Ş. (“the Bank”) and its subsidiaries (together will be referred as “the Group”) as of 30 September 2018 and the related consolidated income statement, consolidated statement of income and expense items under shareholders’ equity, consolidated statement of changes in shareholders’ equity, consolidated statement of cash flows for the nine-month-period then ended. The Bank Management is responsible for the preparation and presentation of interim financial statements in accordance with the “Regulation on Accounting Applications for Banks and Safeguarding of Documents” published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority and Turkish Accounting Standard 34 “Interim Financial Reporting” for those matters not regulated by BRSA Legislation (together referred as “BRSA Accounting and Financial Reporting Legislation”). Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, “Limited Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not give a true view of the financial position of Denizbank A.Ş. and its subsidiaries as of 30 September 2018 and of the results of its operations and its cash flows for the nine-month-period then ended in all aspects in accordance with the BRSA Accounting and Financial Reporting Legislation.

Report on other regulatory requirements arising from legislation

Based on our review, nothing has come to our attention that causes us to believe that the financial information provided in the accompanying interim activity report in Section VII, are not consistent with the consolidated financial statements and disclosures in all material respects.

Additional paragraph for convenience translation to English:

As explained in detail in Note I.c. of Section Three, the effects of differences between accounting principles and standards set out by regulations in conformity with BRSA Accounting and Financial Reporting Legislation and Turkish Accounting Standard 34 “Interim Financial Reporting” except for the matters regulated by BRSA Legislation, accounting principles generally accepted in countries in which the accompanying consolidated financial statements are to be distributed and International Financial Reporting Standards (“IFRS”) have not been quantified in the accompanying consolidated financial statements. Accordingly, the accompanying consolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

SECTION ONE

GENERAL INFORMATION

I. Parent Bank's date of establishment, beginning statute, its history including changes in its statute

Denizbank A.Ş. ("the Bank") was established as a public bank to provide financing services to the marine sector in 1938. In 1992, as a result of the resolution of the Government to merge some public banks, the Bank was merged to Emlakbank. Following the resolution of the High Council of Privatization numbered 97/5 and dated 20 March 1997 to privatize 100% of shares of Denizbank A.Ş., share sale agreement between Zorlu Holding A.Ş. and the Privatization Administration was signed on 29 May 1997 and the Bank started its activities on 25 August 1997 upon obtaining a permission to operate. Bank's shares have been quoted on Borsa Istanbul ("BIST") since 1 October 2004. 0,15% of the Bank's shares are publicly held as of 30 September 2018.

Dexia Participation Belgique SA, owned 100% directly and indirectly by Dexia SA/NV, acquired 75% of the outstanding shares of the Bank from Zorlu Holding A.Ş. on 17 October 2006, and subsequent to the transfer of shares, Dexia Participation Belgique's ownership rate increased to 99,85%.

On 8 June 2012, Dexia Group and Sberbank of Russia ("Sberbank") have signed a sale and purchase agreement regarding the acquisition of 715.010.291,335 Parent Bank shares representing 99,85% of the Bank's capital. The transaction covered the Parent Bank as well as all of its subsidiaries in Turkey, Austria and Russia. Following all the necessary regulatory authorizations in the countries in which seller and buyer operate including that of the European Commission, after the approvals of Competition Authority on 9 August 2012, the Banking Regulation and Supervision Agency on 12 September 2012 and the Capital Markets Board ("CMB") on 24 September 2012, Dexia has transferred 99,85% of shares of the Parent Bank to Sberbank with a total consideration of TL 6.469.140.728^(*) (Euro 2.790 million) which is the Preliminary Purchase Price determined as per the sale and purchase agreement as of 28 September 2012. Following the completion of the adjustment process of the Preliminary Purchase Price to Purchase Price in accordance with the terms in the Share Purchase Agreement, an additional amount of Euro 185 million which is equivalent of TL 430.947.685^(*) was paid on 27 December 2012. Ultimately the process was completed with a total Purchase Price of TL 6.900.088.413^(*) (Euro 2.975 million).

(*) Amounts are in full TL.

II. Capital structure, shareholders controlling the management and supervision of the Parent Bank directly or indirectly, and if exists, changes on these issues and the Group that the Parent Bank belongs to

(1) As of October 1, 2018, it was decided to appoint Dzhangir Dzhangirov with the decision of the Board of Directors dated October 2, 2018 instead of Alexander Vedyakhin, who resigned from his duty as a member of the Board of Directors.

(2) Hakan Turan Pala, who has been serving as the Executive Vice President in charge of Corporate, Commercial and OBI Loans, has resigned from his duty as of September 30, 2018.

IV. Explanations regarding the real person and corporate qualified shareholders at the Parent Bank

Commercial Title	Share Amounts	Share Percentages	Paid-in Capital	Unpaid Capital
Sberbank of Russia	3.311.211	99,85%	3.311.211	--

Sberbank is the controlling party of the Parent Bank's capital having both direct and indirect qualified shares.

As of 30 September 2018 the capital structure of Sberbank is as follows:

Shareholders	Share Percentages
Central Bank of Russia	50,00 %
Publicly traded	50,00 %
Total	100,00 %

Central Bank of the Russian Federation holds 50%+1 share within 22.586.948.000 ordinary and preferred shares in total in Sberbank of Russia (the rate in 21.586.948.000 ordinary shares corresponds to 52,32%).

V. Type of services provided and the areas of operations of the Parent Bank

The Parent Bank is a private sector deposit bank which provides banking services to its customers through 717 domestic and 1 foreign branch as of 30 September 2018.

Activities of the Parent Bank as stated in the 3rd clause of the Articles of Association are as follows:

In accordance with the Banking Law and regulations;

- Performing all kinds of banking activities,
- Dealing with transactions on all kinds of capital market instruments within the limits set by the related regulations and Capital Market Law regulations,
- Establishing domestic and/or foreign entities and participating in existing entities. Entering into loan and intelligence agreements with domestic and international financial institutions. Participating in consortiums and syndications,
- Incorporating insurance companies, operating insurance agencies, participating in insurance companies which are existing or planned to be founded.

Apart from the above-mentioned activities, in case different activities deemed advantageous and necessary for the company are to be undertaken in the future, they will be submitted to approval of the General Assembly based on Board of Director's decision and the company will be able to implement activities after the relevant decision is made by General Assembly.

VI. A short explanation on the differences between the communiqué on consolidated financial statement reporting and the consolidation procedures required by Turkish Accounting Standards and about institutions that are subject to full consolidation, proportional consolidation, by way of deduction from capital or those that are subject to none.

Banks are obligated to prepare consolidated financial statements with their associates and subsidiaries qualifying as credit institutions and financial subsidiaries based on the "Communiqué on Preparation of Consolidated Financial Statements of Banks" by applying Turkish Accounting Standards. There is no difference between the consolidated financial statements based on the related Communiqué and those prepared in accordance with Turkish Accounting Standards except the scope difference regarding non-financial associates and subsidiaries. Information in regards to consolidated subsidiaries and consolidation methods are given in Note III of Section Three.

VII. Existing or potential, actual or legal obstacles to immediate transfer of capital between Parent Bank and its subsidiaries and repayment of debts.

None.

SECTION THREE

ACCOUNTING POLICIES

I. Basis of presentation

a. Preparation of the consolidated financial statements and the accompanying footnotes in accordance with Turkish Accounting Standards and Regulation on Principles Related to Banks' Accounting Applications and Preserving the Documents

Consolidated financial statements have been prepared in accordance with the regulations, communiqués, explanations and circulars published with respect to accounting and financial reporting principles by the Banking Regulation and Supervision Authority ("BRSA") within the framework of the provisions of the Regulation on the Principles and Procedures Regarding Banks' Accounting Applications and Document Keeping published in the Official Gazette no. 26333 dated 1 November 2006 in relation with the Banking Law no. 5411, as well as the Turkish Accounting Standards (TAS") and Turkish Financial Reporting Standards ("TFRS") enforced by the Public Oversight Accounting and Auditing Standards Authority ("POA") and the annexes and commentaries relating to these Standards (hereinafter collectively referred to as "Turkish Accounting Standards" or "TAS") if there are no specific regulations made by BRSA. The form and content of the consolidated financial statements which have been drawn up and which will be disclosed to public have been prepared in accordance with the "Communiqué on the financial Statements to be Disclosed to the Public by Banks and the Related Explanations and Footnotes" and "Communiqué On Disclosures About Risk Management To Be Announced To Public By Banks" as well as the communiqués that introduce amendments and additions to this Communiqué. The parent shareholder Bank keeps its accounting records in Turkish Lira, in accordance with the Banking Law, Turkish Commercial Law and Turkish Tax legislation.

Consolidated financial statements have been prepared based on historical cost principle, except the financial assets and liabilities indicated at their fair values.

The amounts in the consolidated financial statements and explanations and footnotes relating to these statements have been denoted in Thousand Turkish Liras unless otherwise stated.

In the preparation of consolidated financial statements according to TAS, the management of the parent shareholder Bank should make assumptions and estimations regarding the assets and liabilities in the balance sheet. These assumptions and estimations are reviewed regularly, the necessary corrections are made and the effects of these corrections are reflected in the income statement. The assumptions and estimations used are explained in the related foot notes.

The Parent Bank and its consolidated subsidiaries are classified as "DFS Group" in the footnotes related to the consolidated financial statements.

b. Accounting policies and changes in the presentation of financial statements

Accounting policies and valuation principles used in the preparation of the consolidated financial statements are determined in accordance with the regulations, communiqués, interpretations and legislations related to accounting and financial reporting principles published by the Banking Regulation and Supervision Agency ("BRSA"), and in case where a specific regulation is not made by BRSA, "Turkish Accounting Standards" ("TAS") and "Turkish Financial Reporting Standards" ("TFRS") and related appendices and interpretations put into effect by Public Oversight Accounting and Auditing Standards Authority ("POA"). In accordance with the transition rules of TFRS 9, the prior period financial statements and notes are not restated. Accounting policies and valuation principles used for the year 2018 and 2017 periods are separately presented in the notes and the accounting policies for the year 2017 are included in Section three notes XXV. Impacts of transition to TFRS 9 and its adoption is disclosed in Section three notes XXIV.

c. Additional paragraph for convenience translation:

The differences between the standards set out by BRSA Accounting and Financial Reporting Legislation and the accounting principles generally accepted in countries in which the accompanying consolidated financial statements are to be distributed and International Financial Reporting Standards (IFRS) have not been quantified in the accompanying consolidated financial statements. Accordingly, the accompanying consolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

II. Explanation on the strategy for the use of financial instruments and transactions denominated in foreign currencies

a. Strategy for the use of financial instruments

DFS Group's external sources of funds are comprised of deposits with various maturity periods, and short-term borrowings. These funds are fixed rate in general and are utilized in high yield financial assets. The majority of the funds are allocated to high yield, floating rate instruments, such as Turkish Lira and foreign currency government securities and Eurobonds, and to loans provided to customers on a selective basis in order to increase revenue and support liquidity. The liquidity structure that ensures meeting all liabilities falling due, is formed by keeping sufficient levels of cash and cash equivalents by diversifying the sources of funds. The Bank assesses the maturity structure of the sources, and the maturity structure and yield of placements at market conditions and adopts a high yield policy in long-term placements.

DFS Group assumes risks within pre-determined risk limits in short-term currency, interest and price movements in money and capital markets and market conditions. These positions are closely monitored by the Risk Management System of the Parent Bank and the necessary precautions are taken if the limits are exceeded or should there be a change in the market environment. In order to avoid interest rate risk, assets and liabilities with fixed and floating interests are kept in balance, taking the maturity structure into consideration. The asset-liability balance is monitored on a daily basis in accordance with the maturity structure and foreign currency type. The risks associated with short-term positions are hedged through derivatives such as forwards, swaps and options. No risks are taken as far as possible on foreign currencies other than US Dollar and Euro. Transactions are made under the determined limits to cover the position.

Net foreign currency position of DFS Group in foreign enterprises is considered along with the position of the Parent Bank and the specific position is evaluated within the risk limits.

b. Transactions denominated in foreign currencies

Foreign currency exchange rates used in converting transactions denominated in foreign currencies and their presentation in the financial statements

DFS Group accounts for the transactions denominated in foreign currencies in accordance with TAS 21 "The Effects of Changes in Foreign Exchange Rates". Foreign exchange gains and losses arising from transactions that are completed as of the balance sheet date are translated to TL by using historical foreign currency exchange rates. Balances of the foreign currency denominated assets and liabilities are translated into TL by using foreign currency exchange rates of the Parent Bank and the resulting exchange differences are recorded as foreign exchange gains and losses. The Parent Bank's foreign currency exchange rates are as follows:

	30 September 2018	31 December 2017	30 September 2017
US Dollar	TL 5,9902	TL 3,7719	TL 3,5521
Euro	TL 6,9505	TL 4,5155	TL 4,1924

Foreign exchange gains and losses included in the income statement

As of 30 September 2018, net foreign exchange loss included in the income statement amounts to TL (2.733.631) (1 January - 30 September 2017: TL 581.391 net foreign exchange profit).

Total amount of valuation fund arising from foreign currency exchange rate differences

The assets and liabilities of foreign operations are translated to TL at foreign exchange rates of the Parent Bank ruling at the balance sheet date. The revenues and expenses of foreign operations are translated to TL at yearly average foreign exchange rates of the Parent Bank. The foreign exchange differences derived from translation of income statements of consolidated subsidiaries, and arising from the difference between TL equivalent of their equities and the Parent Bank's share in their net assets are recorded in "other profit reserves".

As of 30 September 2018, total foreign exchange differences in equity amount to TL 5.320.385 (31 December 2017: TL 2.105.383).

The foreign exchange difference of TL 186.548 (31 December 2017: TL 46.163) arising from the translation of the financial statements of Bahrain branch of the Parent Bank to Turkish Lira per TAS 21 is recorded in "other profit reserves".

DFS Group applies net investment hedge accounting to hedge from the foreign currency exchange risk arising from conversion of its investments in foreign currency denominated subsidiaries on a consolidated basis. Part of foreign currency deposits to the net investment amount is designated as hedging instrument and the effective portion of the foreign exchange difference of these financial liabilities is recognized under hedging funds in equity.

III. Information regarding the consolidated subsidiaries

Consolidated financial statements are prepared in accordance with TFRS 10, the “Turkish Accounting Standard for Consolidated Financial Statements”.

The Parent Bank owns, directly or indirectly, the shares of Deniz Yatırım Menkul Kıymetler A.Ş. (Deniz Yatırım), Eurodeniz International Banking Unit Ltd. (Eurodeniz), Deniz Portföy Yönetimi A.Ş. (Deniz Portföy), Denizbank AG, JSC Denizbank, Deniz Finansal Kiralama A.Ş. (Deniz Leasing), Deniz Faktoring A.Ş. (Deniz Faktoring), Deniz Gayrimenkul Yatırım Ortaklığı A.Ş. (Deniz GYO), and CR Erdberg Eins GmbH & Co KG (CR Erdberg) and these subsidiaries are consolidated fully.

DFS Funding Corp., which is a structured entity, is also included in the scope of consolidation.

It was decided to change type and title of Ekspres Menkul Değerler A.Ş. (Ekspres Menkul Değerler) in Extraordinary General Assembly meeting held on 5 August 2016 and the decision has been registered at Istanbul Trade Registry Office on 10 August 2016 and title of Ekspres Menkul Değerler has changed as Ekspres Bilgi İşlem ve Ticaret Anonim Şirketi (Ekspres Bilgi İşlem) and it was excluded from consolidated subsidiaries in scope of BRSA regulations since it has a non-financial subsidiary status.

In addition, the non-financial subsidiaries of the parent bank; Intertech Bilgi İşlem ve Pazarlama Ticaret A.Ş. (“Intertech”), Deniz Kültür Sanat Yayıncılık Ticaret ve Sanayi A.Ş. (“Deniz Kültür”) and Bantaş Nakit ve Kıymetli Mal Taşıma ve Güvenlik Hizmetleri A.Ş. (“Bantaş”) which is jointly controlled company and affiliates of Intertech; Deniz Kartlı Ödeme Sistemleri A.Ş. and Açık Deniz Radyo ve Televizyon İletişim Yayıncılık Ticaret ve Sanayi A.Ş., and Deniz Immobilien Service GMBH (“Deniz Immobilien”) subsidiary of Denizbank AG, since they are non-financial subsidiaries are excluded from the consolidation process.

Important changes on consolidated subsidiaries in reporting period

On 26 September 2017, the Parent Bank increased the share capital of Denizbank AG by Euro 50 million in cash.

Consolidation principles for subsidiaries

Subsidiaries are the entities controlled directly or indirectly by the Parent Bank. Subsidiaries are consolidated using the full consolidation method.

Control is defined as the power over the investee, exposure or rights to variable returns from its involvement with the investee and the ability to use its power over the investee to affect the amount of the Bank’s returns.

According to this method, the financial statements of the Parent Bank and its subsidiaries are combined on a line-by-line basis by adding together like items of assets, liabilities, income, expenses and off-balance sheet items, in preparing consolidated financial statements. Minority interests are presented separately in the consolidated balance sheet and consolidated income statement.

The carrying amount of the Parent Bank’s investment in each subsidiary and the Parent Bank’s portion of equity of each subsidiary are eliminated.

All intercompany transactions and intercompany balances between the consolidated subsidiaries and the Parent Bank are eliminated.

The financial statements which have been used in the consolidation are prepared as of 30 September 2018 and appropriate adjustments are made to financial statements to use uniform accounting policies for transactions and events alike in similar circumstances, in accordance with the principal of materiality.

IV. Explanations on forward transactions, options and derivative instruments

DFS Group's derivative transactions mainly consist of foreign currency and interest rate swaps, foreign currency options and forward foreign currency purchase/sale contracts.

In accordance with TFRS 9, forward foreign currency purchase/sale contracts, swaps, options and futures are classified as "Derivative Financial Assets/Liabilities at Fair Value Through Profit or Loss". Derivative transactions are recorded with their fair values at contract date. Also, the liabilities and receivables arising from the derivative transactions are recorded as off-balance sheet items at their contractual notional amounts.

The derivative transactions are valued at fair value subsequent to initial recognition and are presented in the "Derivative Financial Assets/Liabilities at Fair Value Through Profit or Loss" items of the balance sheet depending on the resulting positive or negative amounts of the computed value. Gains and losses arising from a change in the fair value are recognized in the income statement. Fair values of derivatives are calculated using either discounted cash flow model or market value.

V. Explanations on interest income and expenses

Interest income and expenses are recognized as they are accrued taking into account the internal rate of return method.

VI. Explanations on fees and commissions

Fees and commissions received and paid, and other fees and commissions paid to financial institutions are either recognized on an accrual basis over the period the service is provided or received or recognized as income or expense when collected or paid depending on their nature.

VII. Explanations on financial assets

DFS Group categorizes its financial assets as "Fair Value Through Profit or Loss", "Fair Value Through Other Comprehensive Income" or "Measured at Amortized Cost". Such financial assets are recognized or derecognized according to TFRS 9 Financial Instruments Part 3 Issued for classification and measurement of the financial instruments published in the Official Gazette No. 29953 dated 19 January 2017 by the Public Oversight Accounting and Auditing Standards Authority. Financial assets are measured at fair value at initial recognition in the financial statements. During the initial recognition of financial assets other than "Financial Assets at Fair Value Through Profit or Loss", transaction costs are added to fair value or deducted from fair value.

DFS Group recognizes a financial asset into financial statements when it becomes a party to the contractual terms of a financial instrument. During the first recognition of a financial asset into the financial statements, business model determined by the Parent Bank management and the nature of contractual cash flows of the financial asset are taken into consideration. When the business model determined by the Parent Bank's management is changed, all affected financial assets are reclassified and this reclassification is applied prospectively. In such cases, no adjustments is made to earnings, losses or interest that were previously recorded in the financial statements.

a. Financial assets at fair value through profit or loss

"Financial assets at fair value through profit or loss" are financial assets other than the ones that are managed with business model that aims to hold to collect contractual cash flows or business model that aims to collect both the contractual cash flows and cash flows arising from the sale of the assets; and if the contractual terms of the financial asset do not lead to cash flows representing solely payments of principal and interest at certain date; that are either acquired for generating a profit from short term fluctuations in prices or are financial assets included in a portfolio aiming to short-term profit making. Financial assets at the fair value through profit or loss are initially recognized at fair value and remeasured at their fair value after recognition. All gains and losses arising from these valuations are reflected in the income statement.

b. Financial assets at fair value through other comprehensive income

In addition to Financial assets within a business model that aims to hold to collect contractual cash flows and aims to hold to sell, financial asset with contractual terms that lead to cash flows are solely payments of principal and interest at certain dates, they are classified as fair value through other comprehensive income.

Financial assets at fair value through other comprehensive income are recognized by adding transaction cost to acquisition cost reflecting the fair value of the financial asset. After the recognition, financial assets at fair value through other comprehensive income are remeasured at fair value. Interest income calculated with effective interest rate method arising from financial assets at fair value through other comprehensive income and dividend income from equity securities are recorded to income statement. "Unrealized gains and losses" arising from the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income are not reflected in the income statement of the period until the acquisition of the asset, sale of the asset, the disposal of the asset, and impairment of the asset and they are accounted under the "Accumulated other comprehensive income or expense to be reclassified through profit or loss" under shareholders' equity.

Equity securities, which are classified as financial assets at fair value through other comprehensive income, that have a quoted market price in an active market and whose fair values can be reliably measured are carried at fair value. Equity securities that do not have a quoted market price in an active market and whose fair values cannot be reliably measured are carried at cost, less provision for impairment.

During initial recognition an entity can choose in an irrevocable was to record the changes of the fair value of the investment in an equity instrument that is not held for trading purposes in the other comprehensive income. In the case of this preference, the dividend from the investment is taken into the financial statements as profit or loss.

c. Financial assets measured at amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are classified as financial assets measured at amortized cost.

Financial assets measured at amortized cost are initially recognized at acquisition cost including the transaction costs which reflect the fair value of those instruments and subsequently recognized at amortized cost by using effective interest rate method. Interest income obtained from financial assets measured at amortized cost is accounted in income statement.

DFS Group has government securities with a maturity of 5-10 years and indexed to CPI in the 3 month real coupon ratios that remain constant throughout the maturity in the "Fair value through other comprehensive income" and "Measured at amortized cost" securities portfolios. As stated by Secretary of Treasury in CPI indexed investor guide, the reference indexes used in calculating the actual coupon payment amounts of these securities are based on the CPI indexes of two months ago. DFS Group predicts the inflation rate in parallel to those.

d. Loans

Loans are financial assets that have fixed or determinable payments terms and are not quoted in an active market. Loans are initially recognized at acquisition cost plus transaction costs presenting their fair value and thereafter measured at amortized cost using the "Effective Interest Rate (internal rate of return) Method".

DFS Group's loans are recorded under the "Measured at Amortized Cost" account.

VIII. Explanations on expected credit loss

DFS Group allocates impairment for expected credit loss on financial assets measured at amortized cost and measured at fair value through other comprehensive income.

As of 1 January 2018, the Group recognize provisions for impairment in accordance with TFRS 9 requirements according to the “Regulation on the Procedures and Principles for Classification of Loans by Banks and Provisions to be set aside” published in the Official Gazette dated 22 June 2016 numbered 29750. In this framework, as of 31 December 2017, method of provisions for impairment as set out in accordance with the related legislation of BRSA is changed by applying the expected credit loss model under TFRS 9. The expected credit loss estimates are required to be unbiased, probability-weighted and include supportable information about past events, current conditions, and forecasts of future economic conditions.

These financial assets are divided into three categories depending on the gradual increase in credit risk observed since their initial recognition:

Stage 1

For the financial assets at initial recognition or that do not have a significant increase in credit risk since initial recognition. Impairment for credit risk will be recorded in the amount of 12-month expected credit losses.

Stage 2

In the event of a significant increase in credit risk since initial recognition, the financial asset will be transferred to Stage 2. Impairment for credit risk will be determined on the basis of the instrument’s lifetime expected credit losses.

Stage 3

Stage 3 includes financial assets that have objective evidence of impairment at the reporting date. For these assets, lifetime expected credit losses are recognized.

While the expected credit loss for financial assets in Stage 1 are determined on a collective basis, expected credit loss for some of the financial assets in Stage 2 and Stage 3 are calculated on an individual basis. Qualifications of the financial assets that are individually assessed are determined in the TFRS 9 policy of DFS Group.

In accordance with BRSA’s “Guidance on Calculation of Expected Credit Loss in Relation to TFRS 9”, the Parent Bank has established a TFRS 9 Committee. The Committee is responsible for the control of classification and measurement of financial assets in line with TFRS 9 and the control of the adequacy of the expected credit loss. Additionally, the Committee is also responsible for the controlling of formation and application of DFS Group’s existing policies in line with TFRS 9 best practice guides. The Committee is responsible for maintenance of trustworthy and solid ground for calculation of expected credit loss, and the documentation, policy updating in a timely manner, and proper accounting of these methods.

IX. Explanations on offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when the DFS Group has a legally enforceable right to offset the recognized amounts and there is an intention to collect/pay the related financial assets and liabilities on a net basis, or to realize the asset and settle the liability simultaneously.

X. Explanations on sale and repurchase agreements and transactions related to the lending of securities

Government bonds and treasury bills sold to customers under repurchase agreements are classified according to purpose of being hold into portfolio on the assets side of the accompanying consolidated balance sheet within “Financial assets at fair value difference through profit or loss”, “Financial assets at fair value difference through other comprehensive income” and “Measured at amortized cost” and are measured according to valuation principles of relating portfolio. Funds obtained from repurchase agreements are presented on the liability side of the consolidated balance sheet within the account of “Receivables from money market”. The accrual amounts corresponding to the period is calculated over the sell and repurchase price difference determined in repurchase agreements. Accrued interest expenses calculated for funds obtained from repurchase agreements are presented in “Due to money markets” account in liability part of the consolidated balance sheet.

DENİZBANK ANONİM ŞİRKETİ
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
AS OF 30 SEPTEMBER 2018

(Currency: Thousands of TL - Turkish Lira)

*Convenience Translation of
Consolidated Financial Report
Originally Issued in Turkish,
See Note 3.1.c*

Securities received with resale commitments are presented under “Due from money markets” line in the balance sheet. The accrual amounts for the corresponding part to the period of the resale and repurchase price difference determined in reverse repurchase agreements are calculated using the effective interest method. The Parent Bank has no securities which are subject to borrowing activities.

XI. Explanations on assets held for sale and discontinued operations and related liabilities

Property and equipment held-for-sale consist of tangible assets that were acquired due to non-performing receivables, and are accounted in the financial statements in accordance with the regulations of “Turkish Financial Reporting Standard for Assets Held for Sale and Discontinued Operations (TFRS 5)”.

A discontinued operation is a division of a bank that is either disposed or held for sale and represents a separate major line of business or geographical area of operations; or is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations; or is a subsidiary acquired exclusively with a view to resale.

As 30 September 2018, DFS Group does not have non-current assets held for sale and discontinued operations.

XII. Explanations on goodwill and other intangible assets

a. Goodwill

Goodwill represents the excess of the total acquisition costs over the shares owned in the net assets of the acquired company at the date of acquisition. The “net goodwill” resulted from the acquisition of the investment and to be included in the consolidated balance sheet, is calculated based on the financial statements of the investee company as adjusted according to the required accounting principles. Assets of the acquired company which are not presented on financial statements but separated from goodwill represented with fair values of tangible assets (credit card brand equity, customer portfolio etc.) and/or contingent liabilities to financial statements in process of acquisition.

In accordance with “TFRS 3 - Business Combinations”, the goodwill is not amortized. It is tested yearly or if there is any indication of impairment according to “Turkish Accounting Standard 36 (TAS 36) - Impairment of Assets”.

b. Other intangible assets

Intangible assets are initially measured at acquisition cost and other costs which are required for activation of the financial asset in accordance with TAS 38 “Intangible Assets” standard. Intangible assets are evaluated over excess value of net cost that derived from accumulated depreciation and accumulated impairment after recognition period.

The Group’s intangible assets consist of software, license rights, data/telephone line, total values of credit cards and personal loans portfolio.

Intangible assets purchased before 1 January 2003 and after 31 December 2006 are amortized on a straight-line basis; and those purchased between the aforementioned dates are amortized by using the double-declining method. Useful life of an asset is estimated by assessment of the expected life span, technical, and technological wear outs of the asset. The amortization rates used approximate the useful lives of the assets.

Maintenance costs associated with the computer software that are in use are expensed at the period of occurrence.

XIII. Explanations on tangible assets

DFS Group has passed to revaluation model from cost model in the framework of TAS 16 “Tangible Fixed Assets” in valuation of properties in use as of 31 December 2016, while it tracks all of its remaining tangible fixed assets by cost model in accordance with TAS 16. Positive differences between property value in expertise reports prepared by licensed valuation firms and net carrying amount of the related property are recorded under equity accounts while negative differences are posted to the income statement.

	Estimated Economic Life (Year)	Depreciation Rate
Movables		
- Office machinery	4 Years	10 % - 50 %
- Furniture and fixtures	5 Years	10 % - 50 %
- Motor vehicles	5 Years	20 % - 50 %
- Other equipment	10 Years	2,50 % - 50 %
Real estate	50 Years	2 % - 3,03 %

Maintenance and repair costs that are routinely made on tangible assets are expensed. The capital expenditures incurred in order to increase the capacity of the tangible asset or to increase the future benefit of the asset are capitalized on the cost of the tangible asset.

There are no restrictions such as pledges and mortgages on tangible assets or no purchase commitments.

XIV. Explanations on investment properties

Land and buildings that are held for rental yields or for capital appreciation or both, rather than held in the production or supply of goods or services or for administrative purposes or for the sale in the ordinary course of business are classified as “investment property”. Investment property is carried at fair value. Gains or losses arising from a change in the fair value of investment property are recognized in the income statement in the period in which they occur.

Investment property is derecognized through disposal or withdrawal from use and when no future economic benefit is expected from its disposal. Gains or losses arising from the disposal of investment property are recognized in the related statement of income or expense accounts in the period in which they occur.

Due to sale of a Parent Bank’s real estate to its subsidiary, Deniz GYO, in 2015, this property has been classified as investment property in the Group’s consolidated financial statements, and the difference of TL 13.397 between the net book value and fair value as of the date of sale has been classified in “Revaluation Difference of Investment Property” under shareholders’ equity according to TAS 16.

XV. Explanations on leasing activities

Fixed assets acquired through financial leasing are recognized in tangible assets and depreciated in line with the fixed assets group they relate to. The obligations under finance leases arising from the lease contracts are presented under “Finance Lease Payables” account in the balance sheet. Interest expense and currency exchange rate differences related to leasing activities are recognized in the income statement.

DFS Group has finance lease transactions as “lessor” via its subsidiary, Deniz Leasing. The lease receivables related to leased assets are recorded as finance lease receivables. The asset subject to the financial leasing is presented in the balance sheet as receivable equal to the net leasing amount. Interest income is recognized over the term of the lease using the net investment method which reflects a constant periodic rate of return and the unrecognized portion is followed under unearned interest income account.

Transactions regarding operational agreements are accounted on an accrual basis in accordance with the terms of the related contracts.

XVI. Explanations on provisions and contingent liabilities

Provisions other than specific and general provisions for loans and other receivables and free provisions for probable risks, contingent liabilities are provided for in accordance with TAS 37 “Provisions, Contingent Liabilities and Contingent Assets”. Provisions are accounted for immediately when obligations arise as a result of past events and a reliable estimate of the obligation is made by DFS Group management. Whenever the amount of such obligations cannot be measured, they are regarded as “Contingent”. If the possibility of an outflow of resources embodying economic benefits becomes probable and the amount of the obligation can be measured reliably, a provision is recognized. If the amount of the obligation cannot be measured reliably or the possibility of an outflow of resources embodying economic benefits is remote, such liabilities are disclosed in the footnotes.

Based on the representations of the Parent Bank’s attorneys, there are 6.481 lawsuits against DFS Group with total risks amounting to TL 231.919, US Dollar 5.819.883 and Euro 7.316.023 as of 30 September 2018. There are also 15.699 follow-up cases amounting to TL 509.501, US Dollar 4.795.625 and Euro 499.189 in total that are filed by DFS Group and are at courts. DFS Group booked a provision amounting to TL 88.992 for the continuing lawsuits (31 December 2017: TL 43.336).

XVII. Explanations on obligations for employee benefits

Provision for employee benefits has been accounted for in accordance with TAS 19 “Employee Benefits”.

The Parent Bank in accordance with existing legislation in Turkey, is required to make retirement and notice payments to each employee whose employment is terminated due to reasons other than resignation or misconduct. Except to the this extents, the Parent Bank is required to make severance payment to each employee whose employment is terminated due to retirement, death, military service and to female employees following their marriage within one year leave the job of their own accords by fourteenth clause of Labor Law.

DFS Group, in accordance with TAS 19 “Employee Benefits” realized provision registry under the condition of prediction of present value of possible liability in the future related to employee termination benefits. Losses and gains which occur after 1 January 2013 are adjusting under the Equity Accounts in accordance with updated TAS 19 Standard.

The Bank has recognized vacation pay liability amount which is calculated from unused vacation to financial statement as a provision.

XVIII. Explanations on taxation

a. Current taxes

By the provisional article added to Corporate Tax Law no.5520 by the Clause 91 of law no.7061, current tax rate is declared to be 22% for corporations in 2018, 2019 and 2020 taxation periods.

Companies file their corporate tax returns between the 1st and 25th days of the following four months period after to which they relate and the payments are made until the end of that month.

The provision for corporate tax for the period is reflected as the “Current Tax Liability” in the liabilities and “Current Tax Provision” in the income statement.

In accordance with the Corporate Tax Law, tax losses can be carried forward for five years. The tax authorities can inspect tax returns and the related accounting records back to a maximum period of five years.

Besides institutions reside in Turkey, dividends paid to the offices or the institutions earning through their permanent representatives in Turkey are not subject to withholding tax. According to the decision no. 2006/10731 of the Council of Ministers published in the Official Gazette no. 26237 dated 23 July 2006, certain duty rates included in the articles no.15 and 30 of the new Corporate Tax Law no.5520 are revised. In this respect, the withholding tax rate on the dividend payments other than the ones paid to the nonresident institutions generating income in Turkey through their operations or permanent representatives and the institutions residing in Turkey is 15%. While applying the withholding tax rates on dividend payments to the foreign based institutions and the real persons, the withholding tax rates covered in the related Avoidance of Double Taxation Treaty are taken into account. Addition of profit to capital is not considered as profit distribution and therefore is not subject to withholding tax.

The foreign subsidiaries of DFS Group that operate in Austria, the Russian Federation and Cyprus are subject to corporate tax rates of 25%, 20% and 2%, respectively.

Tax effects of items that are accounted for under the shareholders’ equity are also recorded under equity accounts.

b. Deferred taxes

In accordance with TAS 12 “Income Taxes”, DFS Group accounts for deferred taxes based on the tax effect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Individual deferred tax assets and liabilities of the consolidated entities have been offset in their separate financial statements, but have not been offset in the consolidated balance sheet. As a result of offsetting, as of 30 September 2018 deferred tax assets of TL 1.665.009 (31 December 2017: TL 216.618) and deferred tax liabilities of TL 21.082 (31 December 2017: TL 27.217) have been recognized in the accompanying financial statements.

Deferred tax liabilities are generally recognized for all taxable temporary and deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Deferred tax asset was not computed over general loan loss provisions according to the circular of BRSA numbered BRSA.DZM.2/13/1-a-3 and dated 8 December 2004.

Deferred tax assets has started to be recognized over temporary expected provision losses differences according to TFRS 9 articles from 1 January 2018.

Deferred taxes directly related to equity items are recognized and offset in related equity accounts.

c. Transfer pricing

In the framework of the provisions on “Disguised Profit Distribution Through Transfer Pricing” regulated under article 13 of Corporate Tax Law no. 5520, pursuant to the Corporate Tax Law General Communiqué no. 1, which became effective upon its promulgation in the Official Gazette dated 3 April 2007 and numbered 26482, Corporate Tax Law General Communiqué no. 3, which became effective upon its promulgation in the Official Gazette dated 20 November 2008 and numbered 27060, Council of Ministers Decree no. 2007/12888, which became effective upon its promulgation in the Official Gazette dated 6 December 2007 and numbered 26722, Council of Minister Decree no. 2008/13490, which became effective upon its promulgation in the Official Gazette dated 13 April 2008 and numbered 26846, “General Communiqué No. 1 on Disguised Profit Distribution Through Transfer Pricing”, which became effective upon its promulgation in the Official Gazette dated 18 November 2007 and numbered 26704 and “General Communiqué No. 2 on Disguised Profit Distribution Through Transfer Pricing”, which became effective upon its promulgation in the Official Gazette dated 22 April 2008 and numbered 26855, “General Communiqué No. 3 on Disguised Profit Distribution Through Transfer Pricing”, which became effective upon its promulgation in the Official Gazette dated 7 December 2017 and numbered 30263, profits shall be deemed to have been wholly or partially distributed in a disguised manner through transfer pricing if companies engage in the sales or purchases of goods or services with related parties at prices or amounts defined contrary to the arm’s length principle. Buying, selling, manufacturing and construction operations and services, renting and leasing transactions, borrowing or lending money, bonuses, wages and similar payments are deemed as purchase of goods and services in any case and under any condition.

Corporate taxpayers are obliged to fill in the “The Form on Transfer Pricing, Controlled Foreign Corporation and Thin Capital” regarding the purchases or sales of goods or services they perform with related parties during a fiscal period and submit it to their tax office in the attachment of the corporate tax return.

Furthermore, the taxpayers registered in the Large Taxpayers Tax Administration (Büyük Mükellefler Vergi Dairesi Başkanlığı) must prepare the “Annual Transfer Pricing Report” in line with the designated format for their domestic and cross-border transactions performed with related parties during a fiscal period until the filing deadline of the corporate tax return, and if requested after the expiration of this period, they must submit the report to the Administration or those authorized to conduct tax inspection.

XIX. Additional explanations on borrowings

Borrowings are initially recognized at cost representing their fair value and remeasured at amortized cost based on the internal rate of return at next periods. Foreign currency borrowings have been translated using the foreign currency buying rates of the Parent Bank at the balance sheet date. Interest expense incurred for the period has been recognized in the accompanying financial statements.

General hedging techniques are used for borrowings against liquidity and currency risks. The Parent Bank, if required, borrows funds from domestic and foreign institutions. The Parent Bank also borrows funds in the forms of syndication loans and securitization loans from foreign institutions.

XX. Explanations on issuance of share certificates

None (31 December 2017: None).

XXI. Explanations on acceptances

Acceptances are realized simultaneously with the customer payments and recorded in off-balance sheet accounts, if any.

As of the balance sheet date, there are no acceptances recorded as liability in return for assets.

XXII. Explanations on government grants

As of the balance sheet date, DFS Group does not have any government grants.

XXIII. Explanations on segment reporting

Segment reporting is presented in Note IX of Section Four.

XXIV. Explanations on TFRS 9 financial instruments standard

TFRS 9 “Financial Instruments”, which is effective as at 1 January 2018 replaced TAS 39 Financial Instruments: recognition and measurement. TFRS 9 sets out the new principles for the classification and measurement of financial instruments, impairment for credit risk on financial assets and hedge accounting.

Classification and measurement of financial assets

According to TFRS 9 requirements, classification and measurement of financial assets will depend on the business model within which financial assets are managed and their contractual cash flow characteristics whether the cash flows represent “solely payments of principal and interest (SPPI).

Assessment whether contractual cash flows are solely payments of principal and interest:

For the purposes of this assessment, “principal” is defined as the fair value of the financial asset on initial recognition. “Interest” is defined as consideration for the time value of money, for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the DFS Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Group considers contingent events that would change the amount and timing of cash flows, leverage features, prepayment and extension terms, terms that limit the Group’s claim to cash flows from specified assets, features that modify consideration for the time value of money.

DFS Group fulfills the on-balance sheet classification and measurement criteria by applying the procedures described above for all financial assets.

Upon initial recognition each financial asset will be classified as either fair value through profit or loss, amortized cost or fair value through other comprehensive income. As the requirements under TFRS 9 are different than the assessments under the existing TAS 39 rules, the classification and measurement of financial liabilities remain largely unchanged under TAS 39.

Explanations of the effect of DFS Group’s application of TFRS 9 can be found below.

a. Classification and measurement of financial assets

	Before TFRS 9		In scope of TFRS 9	
	Measurement base	Book value	Measurement base	Book value
Financial assets	31 December 2017		1 January 2018	
Cash and Balances with the Central Bank	Amortized cost	16.968.812	Amortized cost	16.968.812
Banks and Money Markets	Amortized cost	11.443.300	Amortized cost	11.443.300
Securities	Fair value through profit or loss	81.955	Fair value through profit or loss	141.114
Securities	Fair value through other comprehensive income	7.046.033	Fair value through other comprehensive income	6.983.669
Securities	Amortized cost	5.335.639	Amortized cost	5.335.639
Derivative Financial Assets	Fair value through profit or loss	975.808	Fair value through profit or loss	975.808
Unconsolidated and Non-financial Subsidiaries	Historical cost	41.701	Fair value through other comprehensive income	645.552
Loans (Gross)	Amortized cost	117.957.915	Amortized cost	117.957.915

DENİZBANK ANONİM ŞİRKETİ
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

b. Reconciliation of statement of financial position balances from TAS 39 to TFRS 9

Financial assets	Book value before TFRS 9 31 Dec. 2017	Reclassifications	Remeasurements	Book value after TFRS 9 1 Jan. 2018
Fair value through profit or loss				
Balance before reclassification (trading purpose)	81.955			
Reclassified from available for sale financial assets		59.159	-	
Balance after reclassification				141.114
Fair value through other comprehensive income				
Balance before reclassification (available for sale)	7.046.033			
Valuation difference on available for sale fin. asset		-	(3.205)	
Reclassified to fin. assets at fair value through profit or loss		(59.159)	-	
Balance after reclassification				6.983.669
Unconsolidated and non-financial subsidiaries				
Balance before TFRS 9	41.701			
Fair value difference		-	603.851	
Balance after TFRS 9				645.552

The reasons for the classification of certain financial assets held by DFS Group as above in accordance with the TFRS 9 classification and measurement provisions are explained below.

Equity securities designated at fair value through profit or loss in accordance with TFRS 9 standard

The Group has classified equity securities amounting to TL 59.159, which were classified as available-for-sale financial assets to designated at fair value through profit or loss as of the first application date of TFRS 9.

Classification of financial instruments based on equity in accordance with TFRS 9 standard

The Group has decided to measure its unconsolidated and non-financial subsidiary, Intertech, which is not traded in an organized market, at Fair Value Through Other Comprehensive Income, irrevocably. The accumulated fair value changes of this subsidiary will not be reclassified to profit and loss if it is disposed of.

Reclassification of categorized items without a change in measurement

In addition to the statements above, since the previous categories under TAS 39 of the debt instruments below were “out of use”, they are reclassified in new categories under TFRS 9 without changing any measurement principles:

- (i) Previously classified as “available-for-sale” and as of 1 January 2018 classified as “Fair Value Through Other Comprehensive Income”.
- (ii) Previously classified as held-to-maturity and as of 1 January 2018 classified as “Measured at Amortized Cost”.

c. Reconciliation of the opening balances of the provision for expected credit losses to TFRS 9

The table below shows the reconciliation of the provision for impairment of DFS Group as of 31 December 2017 and the provision for the expected loss model as measured in accordance with TFRS 9 as of 1 January 2018.

	Book value Before TFRS 9 31 December 2017	Remeasurements	Book value After TFRS 9 1 January 2018
Loans	4.828.247	884.279	5.712.526
Stage 1	1.015.986	110.857	1.126.843
Stage 2	299.763	1.184.549	1.484.312
Stage 3	3.121.676	(20.305)	3.101.371
Others (*)	390.822	(390.822)	-
Financial assets (**)	26.310	(13.841)	12.469
Non-cash loans (***)	204.037	472	204.509
Stage 1 and Stage 2	105.552	67.749	173.301
Stage 3	98.485	(67.277)	31.208
Total	5.058.594	870.910	5.929.504

(*) Includes free provisions that have been booked among "12.5 Other provisions" for certain risks that could have risen in the future by DFS Group at 31 December 2017.

(**) Within the scope of TFRS 9, provisions include provisions for Amortized Cost, Fair Value Through Other Comprehensive Income, Receivables from Banks, Receivables from Money Markets and Other Assets.

(***) Before TFRS 9, the expected credit loss for stage 1 and 2 non-cash loans is classified "12.1 General Provision" and expected credit loss for stage 3 non-cash loans is classified "12.5. Other Provisions" under liabilities. In accordance with TFRS 9, the expected loss provisions for the 1st, 2nd and 3rd stage non-cash loans are in the "10.4 Other Provisions" column in the liabilities.

d. TFRS 9 transition effects on equity

According to paragraph 15 of Article 7 of TFRS 9 Financial Instruments Standard, published in the Official Gazette numbered 29953 dated 19 January 2017, it is stated that it is not compulsory to restate previous period information in accordance with TFRS 9 and if the previous period information is not revised, it is stated that the difference between the book value of 1 January 2018 at the date of application should be reflected in the opening aspect of equity. The explanations about the transition effects to TFRS 9 presented in the equity items under the scope of this article are given below.

Negative difference of TL 870.910 between the provision for impairment of the previous period of DFS Group and the provision for expected credit loss that is measured in accordance with TFRS 9 as of 1 January 2018 is classified as "Prior Period Net Profit / (Loss)" while difference of TL 2.904 is classified as "Other Accumulated Comprehensive Income That Will Be Reclassified in Profit or Loss" in shareholders' equity.

As stated in the Communiqué on "Uniform Chart of Accounts and Prospectus" issued on 20 September 2017, for general provisions (TFRS 9 expected credit loss provisions for Stage 1 and Stage 2 loans), recognition of deferred tax assets has started as of 1 January 2018. Within this scope, deferred tax assets amounting to TL 535.517 have been reflected to the opening financials of 1 January 2018 and the related amount has been classified under "Prior Period Net Profit / (Loss)" in shareholders' equity. For the specific provisions (TFRS 9 expected credit loss provisions for Stage 3 loans), which have been cancelled due to TFRS 9 transition, corporate tax loss amounting to TL 26.310 is also classified under "Prior Period Net Profit / (Loss)" in equity as of 1 January 2018.

Negative remeasurement difference amounting TL 2.500, after tax, for the security amounting to TL 3.205 priorly classified among available for sale securities and measured at historical cost before 1 January 2018 and reclassified to fair value through other comprehensive income after TFRS 9, is classified as "Other Accumulated Comprehensive Income That Will Not Be Reclassified in Profit or Loss" in shareholders' equity. Additionally, remeasurement difference amounting TL 14.839, after tax, for the security amounting to TL 59.159 priorly classified among available for sale securities before 1 January 2018 and reclassified to fair value through profit or loss after TFRS 9, has given way to a transition between "Other Accumulated Comprehensive Income That Will Be Reclassified in Profit or Loss" and "Prior Period Net Profit / (Loss)" in shareholders' equity.

Remeasurement difference amounting TL 603.851 for Intertech, the unconsolidated and non-financial subsidiary of DFS Group, which was being measured at historical cost and that is reclassified to fair value through other comprehensive income after TFRS 9, is classified as "Other Accumulated Comprehensive Income That Will Not Be Reclassified in Profit or Loss" in shareholders' equity.

XXV. Explanations on prior period accounting policies not valid for the current period

TFRS 9 standard came into effect instead of TAS 39 standard as of 1 January 2018. Accounting policies that have lost their validity with the transition of TFRS 9 are given below:

Financial assets are classified in four categories; as financial assets at fair value through profit or loss, financial assets available-for-sale, investments held-to-maturity, and loans and receivables. Sale and purchase transactions of the financial assets mentioned above are recognized and derecognized at the "Settlement dates". The appropriate classification of financial assets of the Bank is determined at the time of purchase by the Bank management, taking into consideration the purpose of the investment.

a. Financial assets at fair value through profit or loss

Financial assets held for trading

Trading financial assets are financial assets which are either acquired for generating a profit from short-term fluctuations in prices or are financial assets included in a portfolio aimed at short-term profit making.

Trading financial assets are recognized at their fair value in the balance sheet and remeasured at their fair value after recognition.

All gains and losses arising from valuations of trading financial assets are reflected in the income statement. In accordance with descriptions of the uniform chart of accounts, favorable difference between acquisition cost of a financial asset and its discounted value are recognized in "Interest Income"; and in the case of fair value of asset is above its discounted value, favorable difference between them are recognized in "Capital Market Transactions Profits" account, in the case of fair value is below discounted value, unfavorable difference between them are recognized in "Capital Market Transactions Losses" account. In the case that the financial asset is sold before its maturity, consisted gains or losses are accounted with the same principals.

Derivative financial assets are classified as trading financial assets unless they are used for hedging purposes.

Financial assets designed at fair value through profit or loss

DFS Group does not have any securities designated as "financial assets at fair value through profit or loss".

b. Investment securities available-for-sale

Available-for-sale assets are financial assets that are not loans and receivables, held to maturity investments and financial assets at fair value through profit or loss.

After the recognition, financial assets available for sale are remeasured at fair value. Interest income arising from available for sale calculated with "Effective interest method" and dividend income from equity securities are reflected to the income statement. Unrealized gains and losses arising from the differences of fair value of securities classified as available for sale and that is representing differences between amortized cost calculated with effective interest method and fair value of financial assets are recognized under the account of "Marketable securities valuation differences" under shareholder's equity. Unrealized profits and losses are not reclassified to the income statement until these securities are sold or matured and the related fair value differences accumulated in the shareholders' equity are then transferred to the income statement.

c. Investment securities held-to-maturity

Held to maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturity that an entity has the positive intention and ability to hold to maturity other than those that the entity upon initial recognition designates as at fair value through profit or loss, those that the entity designates as available for sale; and those that meet the definition of loans and receivables.

Held to maturity financial assets are initially recognized at acquisition cost including the transaction costs which reflects the fair value of the those instruments and subsequently recognized at amortized cost by using effective interest rate method.

Interest income obtained from held to maturity financial assets are presented in the line of "interest received from securities portfolio - investment securities held-to-maturity" in the consolidated statement of income.

There are no financial assets that are banned from being classified as investment securities held-to maturity for two years due to the violation of the tainting rule.

DFS Group has government securities with a maturity of 5-10 years and indexed to CPI in the 3 month real coupon ratios that remain constant throughout the maturity in the available for sell and held to maturity securities portfolios. As stated by Secretary of Treasury in CPI indexed investor guide, the reference indexes used in calculating the actual coupon payment amounts of these securities are based on the CPI indexes of 2 months ago. DFS Group predicts the inflation rate in parallel to those.

d. Loans and specific provisions

Loans and receivables are non-derivative financial assets that are not classified as either financial assets at fair value through profit or loss or financial assets available for sale, are unlisted in an active market and whose payments are fixed or can be determined. Loans and receivables are carried initially by adding acquisition cost to transaction costs which reflect fair value and subsequently recognized at the discounted value calculated using the "Effective interest rate method".

Foreign currency loans are subject to evaluation and currency exchange differences arising from such re-measurements are reflected in "Foreign Exchange Gains/Losses" account in the consolidated income statement. Foreign currency-indexed loans are initially recognized in their Turkish Lira equivalents; repayments are calculated with exchange rate at payment date, and currency exchange differences occurred are reflected in profit/loss accounts.

Specific and general allowances are calculated in accordance with the "Regulation on the Principles and Procedures Related to the Determination of the Loans and Other Receivables for which Provisions Shall be Set Aside by Banks and to the Provisions to be Set Aside" published in the Official Gazette numbered 26333 dated 1 November 2006. On the other hand, deferred tax asset is not allocated over the amount of general loan loss provisions for possible losses in accordance with the circular of BRSA dated 8 December 2004 no. BRSA.DZM.2/13/1-a-3.

When collections are made from loans that have been provided for, they are credited to the income statement accounts "Provision for Loan Losses or Other Receivables" if the provision was made in the current year, otherwise such collections are credited to "Other Operating Income" account with respect to allowances made in prior years. The interest income recovered is booked in "Other Interest Income" account.

e. Explanations on impairment of financial assets

The existence of objective evidence whether a financial asset or group of financial assets is impaired, is assessed at each balance sheet date. If such evidence exists, impairment provision is provided.

Impairment for held-to-maturity financial assets carried at amortized cost is calculated as the difference between the present value of the expected future cash flows discounted based on the "Effective interest method" and its carrying value. Regarding available-for-sale financial assets, when there is objective evidence that the asset is impaired, the cumulative loss that had been recognized in other comprehensive income shall be reclassified from equity to profit or loss as a reclassification adjustment even though the financial asset has not been derecognized.

XXVI. Explanations on other matters

None (31 December 2017: None).

SECTION FOUR
CONSOLIDATED FINANCIAL POSITION AND RISK MANAGEMENT

I. Explanations related to the consolidated shareholders' equity

Capital and capital adequacy ratio are calculated in accordance with the "Regulation on Equities of Banks" and "Regulation on Measurement and Assessment of Capital Adequacy Ratios of Banks".

The current period equity of the Group is TL 23.721.349 (31 December 2017: TL 18.393.397) while its capital adequacy standard ratio is 16,43% as of 30 September 2018 (31 December 2017: 15,30%).

a. Components of consolidated capital

	Current Period 30 September 2018	Amount related to treatment before 1.1.2014
COMMON EQUITY TIER 1 CAPITAL

(1)As of May, the difference between the expected loan loss provisions calculated in accordance with TFRS 9 and the total provision amount calculated before the application of TFRS 9 has been recorded in "Prior Years' Profit and Loss" account. Therefore, in accordance with Provisional Article 5 of the "Regulation on Equity of Banks", this amount has started to be shown net in the calculation of equity by adding 80% of the portion after deduction of the tax amount resulting from the difference.

(2) In accordance with the related article of BRSA dated August 12, 2018 and numbered 10513, the portfolio's in the Bank's "Financial Assets at Fair Value through Other Comprehensive Income" whose net valuation differences that are negative between the securities portfolios are not taken into account of the equity calculation.

(3) In accordance with the related article of BRSA dated August 13, 2018 and numbered 10578, in calculation of the amount subject to credit risk, prior to the said calculation date, the highest arithmetical average of the CBRT foreign exchange buying rates of 252 business days and the higher of foreign exchange buying rates based on the preparation of the financial statements of the Bank as of June 30, 2018 is used.

(4) There are no credits included in Tier 2 capital related to "Temporary Article 4".

- c. Main differences between “Equity” amount mentioned in the prior tables’ equity statements and “Equity” amount in consolidated balance sheet arise from general provisions and subordinated loans. The portion of main amount to credit risk of general provision up to 1,25% and subordinated credits are considered as supplementary capital in the calculation of “Equity” amount included in equity statement as result of deductions mentioned in scope of Regulation on Equity of Banks. Additionally, Losses reflected to equity are determined through excluding losses sourcing from cash flow hedge reflected in equity in accordance with TAS which are subjects of discount from Core Capital. On the other hand, leasehold improvement costs monitored under Plant, Property and Equipment in balance sheet, intangible assets and deferred tax liabilities related to intangible assets, net carrying value of properties acquired in return for receivables and kept for over three years and certain other accounts determined by the Board are taken into consideration in the calculation as assets deducted from capital.

II. Explanations related to the consolidated foreign exchange rate risk

a. Foreign exchange rate risk the Group is exposed to, related impact estimations, and the limits set by the Board of Directors of the Parent Bank for positions which are monitored daily

Foreign currency exchange rate risk can be taken by DFS Group within defined position and value at risk limits. Measurable and manageable risks are taken within legal limits.

Foreign exchange rate risk is monitored along with potential evaluation differences in foreign currency transactions in accordance with “Regulation on Bank’s Internal Systems and Internal Capital Adequacy Assessment Process”. Value at Risk approach is used to measure the exchange rate risk for trading positions and calculations are made on a daily basis.

Based on general economic environment and market conditions the Parent Bank’s Board of Directors reviews the risk limits and makes changes where necessary.

b. The magnitude of hedging foreign currency debt instruments and net foreign currency investments by using derivatives

In accordance with TFRS 9, DFS Group applies net investment hedge accounting to avoid foreign currency exchange rate risk arising from retranslation of its foreign investments in its consolidated financial statements.

Information relating to investment hedge to avoid foreign currency exchange rate risk arising from retranslation of its foreign investments are explained in Note VIII-a of Section Four.

c. Foreign currency risk management strategy

Foreign exchange risk can be taken by DFS Group within defined position and value at risk limits. Measurable and manageable risks are taken within legal limits.

d. The Parent Bank's spot foreign exchange bid rates as of the balance sheet date and for each of the five days prior to that date

US Dollar purchase rate as at the balance sheet date TL 5,9902
Euro purchase rate as at the balance sheet date TL 6,9505

<u>Date</u>	<u>US Dollar</u>	<u>Euro</u>
24 September 2018	6,2287	7,3234
25 September 2018	6,1240	7,2057
26 September 2018	6,1242	7,2007
27 September 2018	6,0752	7,1130
28 September 2018	5,9902	6,9505

e. The basic arithmetical average of the Parent Bank's foreign exchange bid rate for the last thirty days prior to the balance sheet date

The arithmetical average US Dollar and Euro purchase rates for September 2018 are TL 6,3154 and TL 7,3665.

III. Explanations related to the consolidated interest rate risk

a. Interest rate sensitivity of the assets, liabilities and off-balance sheet items

Sensitivity calculations based on standard shock method and value at risk method is used in measuring the interest rate risk of assets, liabilities and off-balance sheet items.

b. The expected effects of the fluctuations of market interest rates on the Group's financial position and cash flows, the expectations for interest income, and the limits the board of directors has established on daily interest rates

The Parent Bank relies on sensitivity in determining limits against negative market conditions and monitors the risk within this context. Sensitivity calculations are made and limits are monitored on a weekly basis.

Market interest rates are monitored daily and interest rates are revised where necessary.

c. The precautions taken for the interest rate risk the Group was exposed to during the current year and their expected effects on net income and capital in the future periods

The Group uses sensitivity analysis, historical stress-testing and value at risk methods to analyze and take precautions against interest rate risk faced during current period. Interest sensitivity limits have been defined and limits are being monitored on a weekly basis.

"Interest rate sensitivity of assets, liabilities and off-balance sheet items (Based on repricing dates)":

IV. Position risk of equity shares on banking book

a. Comparison of carrying, fair and market values of equity shares

DFS Group does not have unconsolidated associates and subsidiaries traded at BIST markets as of 30 September 2018 (31 December 2017: None).

b. Realized gains/losses, revaluation surpluses and unrealized gains/losses on equity securities and results included in core and supplementary capital

None (31 December 2017: None).

V. Explanations related to the consolidated liquidity risk

Liquidity risk can form as a result of significant changes which can happen in market liquidity or a general funding risk. Funding risk states the risk of not meeting cash outflows completely because of maturity mismatch between assets and liabilities while market liquidity risk states the risk of not liquidating assets because of a collision in market conditions or insufficient market depth.

Within the Parent Bank, the procedures and principles regarding liquidity risk management are determined by the "Liquidity Risk Management Policy" approved by the Board of Directors. This policy includes the basic duties and principles of liquidity risk management within the Parent Bank including the related methods, procedures, controls, and reporting framework. The "Liquidity Emergency Action Plan" was established within the Liquidity Risk Management Policy, enclosing possible precautions which can be taken against unexpected liquidity squeezes.

The securities portfolio of the Parent Bank carried in order to liquidity risk management is structured in a way to consist of sovereign securities issued by Treasury of Turkey in order to reduce liquidity risk sourcing from market to minimum level. Criteria and principles related to security investments which shall be received to this portfolio are committed on paper and approved by the related committee.

Management of risk sourcing from funding presents the fundamental of liquidity management activities of the Parent Bank. Main funding source of the Parent Bank is deposits since it is a more stable funding source compared to other sources and it provides a diversified source of funding. Additionally, security issuance and borrowing activities are performed in order to extend the maturity of funding.

A large majority of Parent Bank's liabilities consist of TL, US Dollar, Euro and gold. The main foreign currency funding source of the Parent Bank is deposit and borrowings provided from credit agencies. Foreign currency liquidity risk is at a low level since the foreign currency sources of the Parent Bank are at a higher level and have longer maturity than assets.

"Risk Appetite Statement" is reviewed annually in order to manage risks in accordance with the Bank's strategy and its financial power. Risk Appetite Statement includes limits towards liquidity risks besides other risk limits. Risk appetite limits are reported to senior management monthly in scope of risk management activities.

Short-term liquidity management of the Parent Bank is under the responsibility of Treasury Group. Treasury Group weekly reports to Assets and Liabilities Committee (ALCO) related to liquidity structure. ALCO has an active role in establishing related systems and monitoring and decision making processes regarding liquidity risk management. ALCO is also responsible and authorized for monitoring current liquidity position and legal and internal liquidity indicators and taking decisions related to liquidity management taking risk appetite framework into consideration.

Liquidity risk management is performed as par consolidated and non-consolidated. In this context, liquidity monitoring and management in subsidiaries are performed by the related subsidiary and monitored closely by the Parent Bank.

Scenario analyses, including specific conditions having significance with respect to liquidity which have been experienced or which shall possibly be experienced, are performed in order to measure liquidity level under stress conditions. A liquidity level at a sufficient amount to meet all liabilities even under stress conditions is aimed in scope of this scenario analyses through evaluating measures which can be taken. Assumptions related to liquidity stress tests are reviewed annually at minimum. Periodical stress tests are performed within the determined scenarios and liquidity situation is monitored.

(*) Simple arithmetic average of last three months' month-end values for the last three months

Calculation table of liquidity coverage rate is reported to BRSA monthly and monitored daily in the Parent Bank.

High quality liquid assets consist of cash assets, reserves kept in Central Bank of Republic of Turkey and unrestricted marketable securities. Cash outflows consist of deposits, bank borrowings, non-cash loans, derivatives and other liabilities without a certain maturity. Additionally, several bank borrowings are shown as cash outflow regardless of their maturity since they include contingent early payment condition. Cash inflows consist of credits having maturity less than 30 days and a certain payment due date and receivables from banks and derivative products.

VI. Explanations related to leverage ratio

Information on matters causing difference between leverage ratios of current period and previous period:

Leverage ratio of DFS Group is 4.96% as of 30 September 2018 (31 December 2017: 5,57%). This ratio is over minimum ratio. Difference between leverage ratios of current and previous period mainly sources from increase in risk amounts regarding assets on balance sheet.

VII. Explanations on Risk Management

Notes and explanations in this section have been prepared in accordance with the Communiqué on Disclosures about Risk Management to be Announced to Public by Banks that have been published in Official Gazette no. 29511 on 23 October 2015 and became effective as of 31 March 2016. As the Standard Approach is used in calculating the Parent Bank's capital adequacy, the tables to be prepared under the Internal Rating Based Approach (IRB) have not been presented yet as of 30 September 2018.

The risk management disclosures were prepared as to comply with the internal control process that is approved by the Board of Directors.

a. Risk management and overview of risk weighted assets

1. Overview of RWA

	Risk Weighted Amount(*) Current Period	Minimum Capital Requirement Current Period
1 Credit risk (excluding counterparty credit risk) (CCR)	128.408.107	10.272.649

VIII. Explanations related to hedging transactions

a. Net Investment Risk

DFS Group applies net investment hedge strategy to hedge against the currency risk arising on a consolidated basis from the net investments amounting to a total of Euro 1.297 million and US Dollar 7 million of subsidiaries Denizbank AG and Eurodeniz. The part consisting of the same amounts of its foreign currency deposit has been defined as "hedging instrument". The effective part of the change in value of the foreign currency deposit arising from exchange rate has been recognized as "hedging funds" under equity.

On the other hand, as of 1 April 2014, the Parent Bank stopped applying net investment hedge accounting due to its net investment to hedge against the currency risk on the subsidiary of JSC Denizbank, and the total hedging fund which is booked under equity for that subsidiary is amounting to TL (57.744).

Total net investment hedging funds recognized under equity is amounting to TL (4.216.440) as of 30 September 2018 (31 December 2017: TL (1.741.301)).

b. Cash Flow Hedge

Within the scope of foreign exchange risk management, Deniz Leasing started to apply cash flow hedge accounting as of April 1, 2018 by matching the future Euro lease receivables and the estimated future sales of used cars, whose fair values are followed by Euro, in accordance with the agreements.

In the accounting for hedge of cash flow that Deniz Leasing has started to implement; the Company has identified forward-looking future rental sales of Euro-denominated operating lease receivables and their fair values in EUR, and the credit in Euro terms has been taken as a hedging tool.

Profit/ (loss) after tax TL (63.216) which is accounted under shareholders' equity as cash flow hedge accounting as of September 30, 2018 (31 December 2017: None).

IX. Explanations related to the consolidated segment reporting

DFS Group is active in four areas; namely, wholesale banking, SME and agricultural banking, retail banking, and treasury.

Wholesale banking offers financial and banking solutions to large-scale local and international corporate and commercial customers. In order to meet customer needs related to projects, investment and working capital, corporate banking offers short and long-term working capital loans, investment loans, financial and operational leasing and factoring services, non-cash loans, foreign exchange transactions, export finance, project finance, structured finance, corporate finance, and deposit products and cash management services.

The Bank offers loan products (consumer loans, mortgage, vehicle, agricultural and investment loans), distinctive credit cards, producer card, investment products (mutual funds, shares, government bonds/treasury bills, and repos), deposit products (time, demand, protected), insurance products, SME loans, agricultural loans, financial and operational leasing and factoring services to the customers classified under retail, SME and agricultural segments. Alternative distribution channels allow customers to meet their banking needs without the need to physically visit the branches. Among products that meet every day needs of customers are overdraft loans, automated bill payment, checkbooks and rental safes.

Within treasury; sales, prop-trading and private banking departments offer spot and forward TL and foreign exchange transactions, trading of treasury bills, bonds and other local and international securities and derivative products. Providing medium and long-term financing, diversification of funding and maintenance an international investor base are also the activities defined in this segment.

Segment information is prepared in line with the Parent Bank's Management Information Systems and the prior period figures are also revised accordingly.

Segment information of the Group is presented in the following table:

Current Period (01.01.2018-30.09.2018)	Wholesale Banking	SME & Agricultural Banking	Retail Banking	Treasury & Other	Total

Restricted Time Deposits	--	11.390.634
Total	1.966.321	13.106.352

3. Information on reserve requirements

As of 30 September 2018, all banks operating in Turkey should provide a reserve in a range of 1,5% to 8% (31 December 2017: between 4% and 10,5%) depending on the terms of the deposits for their liabilities in Turkish Lira and in a range of 4% to 20% (31 December 2017: between 5% and 19%) in US Dollars or standard gold for their liabilities in foreign currencies.

CBRT began paying interest for the reserve deposits maintained in Turkish Lira as from November 2014 and for the reserve deposits maintained in US Dollar as from May 2015. The interest income of TL 133.336 derived from the reserve deposits maintained by the Parent Bank at CBRT (1 January - 30 September 2017: TL 69.557) has been recorded under the account "interests derived from reserve requirements".

d. Information on financial assets at fair value through other comprehensive income

1. Major types of financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income consist of share certificates, debt securities representing government bonds, Eurobonds and foreign currency government bonds issued by the Turkish Treasury and foreign private sector debt securities.

2. Financial assets at fair value through other comprehensive income given as collateral and book value

Financial assets at fair value through other comprehensive income which were collateralized consist of securities offered to various financial institutions, primarily the Central Bank of the Republic of Turkey and Istanbul Takas ve Saklama Bankası A.Ş. (Settlement and Custody Bank) for interbank money market, foreign exchange market and other transactions. Such financial assets include government bonds and Eurobonds, and their total book value amounts to TL 1.018.818 (31 December 2017: TL 754.234).

(*) The Group has a cash loan exposure amounting to USD 93 million and EUR 19 million related with the acquisition finance of two telecommunication companies (Türk Telekom & OTAŞ) within a syndicate formed by various domestic and foreign banks, where the financing structure includes acquired company's shares pledged as collateral. Discussions among shareholders of the entity, creditor banks and related public institutions regarding restructuring of current main partner including change of shareholder have been commenced and it is expected that aforementioned discussions shall result in a positive development.

Respective loan is classified under "Loans Under Close Monitoring and Other Receivables" as of September 30, 2018. For the restructuring of the debt, an agreement was reached by all the lenders, including the Parent Bank. According to the agreed structure, 1.925.000.000 of A Group shares owned by OTAŞ, which constitutes 55% of Türk Telekom's issued capital and pledged in order to establish the collateral of existing loans, and that the credit will be directly or indirectly co-founded by The Republic of Turkey or taken over by a special purpose company. It is expected that the agreement on the credit contracts are to be restructured by the new company, the necessary institutional, administrative, approvals, and permits are expected to be finalized following the completion of the necessary conditions under the contracts. The necessary permits and approvals from the authorized bodies and the contracts related to the loan have been completed to a significant extent.

f. Information on lease payables

None (31 December 2017: None).

1. Changes in agreements and further commitments arising

None (31 December 2017: None).

2. Obligations under finance leases

None (31 December 2017: None).

3. Explanations on operational leases

DFS Group has operational lease agreements for its bank branches, motor vehicles and ATM locations. Rental payments for the majority of these agreements are made and expensed on a monthly basis. The unexpired portion of prepayments made for rent agreements on a yearly basis are accounted for under prepaid expenses in "other assets".

4. Explanation on "sell-and-lease back" agreements

There is no sale and lease back transactions in the current period.

g. Information on liabilities arising from hedging purpose derivatives

None (31 December 2017: None).

h. Explanation on provisions

1. Information on general provisions

	Prior Period
Provisions for Loans and Receivables in Group I	1.035.450
Additional Provision for Loans with Extended Maturities	29.113
Provisions for Loans and Receivables in Group II	299.763
Additional Provision for Loans with Extended Maturities	158.654
Provisions for Non Cash Loans	105.552
Other	--
Total	1.440.765

2. Provision for currency exchange gain/loss on foreign currency indexed loans

As of 30 September 2018, the reserves allocated for the exchange rate differences of loans indexed to foreign currency amount to TL 1 (31 December 2017: TL 11.313). Provisions for exchange rate differences pertaining to loans indexed to foreign currency are netted off against the loans and receivables under assets in the financial statements.

3. Liabilities on provision for employee benefits

TAS 19 requires using the actuarial method for calculation of obligations the company.

Accordingly, the following actuarial assumptions were used in the calculation of the total reserve for employee termination benefits:

	Current Period	Prior Period
Discount rate	4,69%	4,69%
Interest rate	11,50%	11,50%
Expected rate of salary/limit increase	6,50%	6,50%

As of 30 September 2018, TL 118.090 of provision for employee termination benefits (31 December 2017: TL 111.109) and TL 41.547 of unused vacation accruals (31 December 2017: TL 32.549) were reflected to the consolidated financial statements.

Total	28.371.266

b. Contingent assets and liabilities

A tax investigation report for 2010 has been issued by Large Taxpayers Office of Turkish Tax Inspection Board as a result of examination of file costs collected from customers who use individual credits, with respect to Resource Utilization Support Fund ("RUSF"). Accordingly, a payment accrual slip including Resource Utilization Support Fund at an amount of TL 1.774 and delaying penalty at an amount of TL 2.141 has been submitted on account of the fact that the Bank has not calculated RUSF over file cost collected from customers who use individual credits. There is no provision made in financial statements since the implementation of the Bank is in line with legislation taking into consideration that file costs should be included in non-interest revenues rather than interest revenue in Uniform Chart of Account published by Banking Regulation and Supervision Agency and similar decisions of the Courts. The Bank has appealed to the court for the stay of execution on 29 January 2016. The defendant tax office has notified the Bank regarding payment orders on 15 March 2016 since the aforementioned case has not been concluded. The Bank has paid a total amount of TL 3.957 to Large Taxpayers Office with prejudice including a RUSF at an amount of TL 1.774, a penalty rate amounting to TL 2.141 and a late fee at an amount of TL 42 on 21 March 2016 and has applied to Istanbul Tax Court for the stay of execution and cancellation of payment orders on 22 March 2016. According to the court decision communicated on 2 March 2017, the accrued and penalty interest amount related to RUSF for the period January-December 2010 and the paid amounts to the Large Taxpayers Office was decided to be returned to the Bank. The related amount has been deducted on 27 March 2017. The defendant administration went to the appeal process to reverse the judgement.

A tax investigation report for 2011 has been issued by Large Taxpayers Office of Turkish Tax Inspection Board as a result of examination of file costs collected from customers who use individual credits, with respect to RUSF. Accordingly, a payment accrual slip including RUSF at an amount of TL 2.182 and delaying penalty at an amount of TL 2.911 has been submitted on account of the fact that the Bank has not calculated RUSF over file cost collected from customers who use individual credits.

DENİZBANK ANONİM ŞİRKETİ
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
AS OF 30 SEPTEMBER 2018

(Currency: Thousands of TL - Turkish Lira)

*Convenience Translation of
Consolidated Financial Report
Originally Issued in Turkish,
See Note 3.1.c*

There is no provision made in financial statements since the implementation of the Bank is in line with legislation taking into consideration that file costs should be included in non-interest revenues rather than interest revenue in Uniform Chart of Account published by Banking Regulation and Supervision Agency and similar decisions of the Courts. The Bank has appealed to the Istanbul Administrative Court for the stay of execution on 16 January 2017. It is decided to suspend execution on 19 January 2017. The Courts decided to cancel the accrued and penalty interest amount related to RUSF, for the period January-December 2011. The defendant administration appealed to the detention of the decision, and it was decided to reject the appeal. The defendant administration went to the appeal process to reverse the judgement.

Tax investigation reports for the years 2012, 2013, 2014 have been issued by the Large Taxpayers Office of Turkish Tax Inspection Board as a result of examination of file costs collected from customers who use individual credits with respect to RUSF. Fund. In tax inspection reports, accrual payment slips including RUSF at amounts of TL 6.620 for 2012, TL 2.345 for 2013, TL 3.776 for 2014 and delaying penalties at amounts of TL 6.885 for 2012, TL 2.016 for 2013 and TL 2.265 for 2014 have been submitted on account of the fact that the Parent Bank has not calculated RUSF over file cost collected from customers who use individual credits. There are no provisions made in financial statements since the implementation of the Parent Bank is in line with legislation taking into consideration that file costs should be included in non-interest revenue rather than interest revenue, and that the repayment of file expenditures in court decisions should not be considered as interest, in Uniform Chart of Account published by Banking Regulation and Supervision Agency. The Parent Bank has filed claims in order for suspension of execution for the years 2012, 2013 and 2014, respectively to Istanbul 2nd Administrative Court, to Istanbul 12th Administrative Court and to Istanbul 7th Administrative Court on 5 September 2017. Suspensions of execution have been decreed with regards to the claims. The Courts decided to cancel the accrued and penalty interest amounts related to RUSF, for the periods January-December 2012, January-December 2013, and January-December 2014. The defendant administration appealed to the detention of the decision, and it was decided to reject the appeal. The defendant administration went to the appeal process to reverse the judgement.

Tax Investigation Reports for the year 2015 have been issued by the Large Taxpayers Office of Turkish Tax Inspection board as a result of examinaing the derivative transactions in terms of BSMV. In the Tax Inspection Report; the Parent Bank's derivative transaction gains related to the Banking and Insurance Transactions Tax ("BSMV") has been calculated for the non-payment and/or incomplete payment in the year 2015. On behalf of the Parent Bank, except for the delay penalty in the report; TL 5.485 of the original tax, and TL 8.227 tax penalty has been requested, a provision is provided in these financial statements.

In addition to the matters explained in detail above, the Group has provided a provision amounting to TL 88.992 (31 December 2017: TL 43.336) for the lawsuits against the Group in accordance with the precautionary principle. These provisions are classified among "Other provisions". Except for those provisioned, other ongoing lawsuits are unlikely to result in a negative conclusion and cash outflow is not foreseen for them.

Investment Securities Held-to-Maturity	296.035	95.300
Total	720.546	152.929

As stated in the chapter III footnote numbered VII, the Parent Bank has government securities in the financial assets at fair value through other comprehensive income and financial assets measured at amortized cost portfolios with a maturity of 5 to 10 years and having CPI indexed 3 months real coupon ratio fixed until maturity. As stated in the Undersecretariat of Treasury's securities indexed CPI Investors Guide, the reference indexes used in calculating the actual coupon payment amounts of these assets are based on the CPI of previous two months. The Parent Bank determines the estimated inflation rate accordingly. The estimated inflation rate is updated as needed within the year. The Parent Bank determines the estimated inflation rate in parallel. Estimated inflation rate is updated during the year when deemed necessary.

d. Information on benefit provided to top management

DFS Group made payment amounting to TL 41.748 (30 September 2017: TL 35.147) to its top management as of 30 September 2018.

e. Information on transactions with DFS Group's risk group

As of 30 September 2018, cash loans and other receivables of the risk group represent 0,02% of DFS Group's total cash loans and bank deposits granted the deposits and borrowings represent 7,7% of DFS Group's total deposits and borrowings. Non-cash loans granted to risk group companies represent 0,1% of the total balance.

The risk group, which DFS Group belongs to, has finance and operation lease contracts with Deniz Leasing. The Parent Bank gives brokerage services through its branches for Deniz Yatırım. As part of the consolidation adjustments, these balances and transactions have been eliminated from the accompanying financial statements.

VI. Subsequent events

On 22 May 2018, Emirates NBD Bank PJSC (Emirates NBD) and Sberbank of Russia (Sberbank) announced that they have signed a definitive agreement about selling 99.85% of Denizbank's shares, which is owned by Sberbank to Emirates NBD.

Sberbank's shareholding in Denizbank will expire with the completion of the sales transaction. In the direction of the signed agreement, the sales price of the 99,85% shareholder was determined as 14.609 million TL with Denizbank's price fixing mechanism based on the equity size in the consent of DenizBank on 31 October 2017. Additionally, Emirates NBD will pay interest that is over the transfer fee, on Sberbank for the period between October 31, 2017 and the closing date of the sales transaction. The profit to be earned by Denizbank from 31 October 2017 until the closing date of the sales transaction will be recorded at Emirates NBD's account. As part of the transfer process, with the closing of the sales transaction, Emirates NBD will also own the ownership of subordinated loans granted to Denizbank by Sberbank in the past.

The completion of the transaction, Turkey, Russia and the United Arab Emirates and is subject to approval by the regulatory authorities of other countries in which it operates Denizbank. The process is expected to be completed in 2018.

SECTION SIX

INDEPENDENT AUDITORS' REVIEW REPORT

I. Information on the independent auditors' review report

Consolidated financial statements and notes of DFS Group are subject to independent review by Güney Bağımsız Denetim ve Serbest Muhasebeci Mali Müşavirlik A.Ş. (A Member Firm of Ernst & Young Global Limited) and the review report dated 1 November 2018 is presented preceding the consolidated financial statements.

II. Disclosures and footnotes prepared by independent auditor

There exist no explanations or notes, deemed to be required, and no significant issues which are not mentioned above and related to activities of DFS Group.

SECTION SEVEN

INTERIM ACTIVITY REPORT

(*) Amounts are expressed in TL in Section Seven.

Message From the Chairman

During the first nine months of 2018, Turkish banking sector had a growth higher than the same period of the previous year. In the first nine months of the year, the sector made a net profit of 42,2 billion TL while capital adequacy ratio was realized as 18,08%. Being the fifth largest private bank of Turkey, Denizbank provided further support to the economy and its consolidated and unconsolidated loans reached 150,7 billion TL and 88,7 billion TL, respectively.

Denizbank maintained its leadership in tourism, agriculture and pensioner banking in the first nine months of 2018. Attaching great importance to development of niche sectors that contribute to long-term development targets of Turkey, DenizBank enhanced its support for SMEs, the backbone of economic development, with "Nefes Project" and provided access to finance to more than 18 thousand SMEs in two years.

DenizBank continued to develop products and services merging its innovative perspective with its strong technological infrastructure in order to meet the customers' needs. Beyond financial products, the Bank reached 84 thousand farmers with the "From Deniz to Earth" application, positioned as the smart advisor of the producer in the field and offered as a breath of fresh air to the sector.

Believing that investing in youth is equal to investing in the future of the country, DenizBank provided support for the financial literacy training of 10 thousand young people with the purpose of raising self-sustained individuals who take part in economic production and contributing to the national economy in the long term.

We have no doubt that DenizBank will extend the sustainable growth of the Turkish banking sector to the future thanks to its strong capital base, prudent risk management principles, advanced technology and qualified human resources.

I am confident that the achievements of Denizbank in the 6th year within Sberbank family will also continue to grow and increase in importance after the shareholder change that will be completed following the required approvals. Sberbank will continue to be with Denizbank for support.

Message From The President and CEO

During the first nine months of 2018, Denizbank outperformed the sector in asset, loan and deposit growth as in previous quarters.

Our consolidated assets reached 212,9 billion TL and unconsolidated assets 147,3 billion TL in the first nine months of 2018.

Denizbank's customer deposits reached 145,9 billion TL and 83,4 billion TL on a consolidated and unconsolidated basis, respectively. In addition to a branch network of 761 branches in 81 provinces of Turkey including 43 subsidiary branches abroad, the customer base, which expanded increasing by 11% over the last year, became the driving force of our growth.

In the first nine months of 2018, Denizbank continued to channel the deposits it collected to the economy and increased its consolidated cash loan volume to 150,7 billion TL. Our unconsolidated cash loan volume realized as 88,7 billion TL. Our total cash and non-cash loans reached 188,6 billion TL on a consolidated basis.

We reached nearly 18 thousand SMEs within the scope of Nefes Project in which we participated as the only private bank in cooperation with Turkish Union of Chambers and Commodity Exchanges and Credit Guarantee Fund (CGF) to support SMEs, the backbone of our economy, in line with our mission to serve the future of our country.

Denizbank, being one of the banks with the highest experience not only in Turkey but also in the world in agriculture sector, which it considers a national matter for the sustainable future of our country, held "Agriculture Summits" in 7 provinces of Turkey to take care of problems that the producers encounter in addition to funding. Denizbank remained the biggest private lender to agriculture with 13 billion TL financing to more than 1,2 million producers and 42% market share. Beyond financial products, the Bank reached 84 thousand farmers with the "From Deniz to Earth" application, positioned as the smart advisor of the producer in the field and aimed to increase technology based efficiency.

Denizbank remained the leading private bank in pensioner banking with its 1,2 million pensioner customers served with a customer-focused approach and high quality of service.

Our equity reached 15,1 billion TL on a consolidated and unconsolidated basis while our consolidated equity including subordinated loans realized as 22,2 billion TL.

DenizBank's consolidated net profit reached 1.708 million TL in the first nine months of 2018 while unconsolidated net profit realized as 1.704 million TL. With a consolidated RoE of 16.3%, our Bank outperformed the sector.

As DenizBank, we aim at creating some social value by supporting education, culture, art and sports in addition to our financial operations. Aiming to carry cultural legacy to future generations by bringing together the society with arts, our Bank continued to support the Istanbul State Symphonic Orchestra DenizBank concerts in 2018 - 2019 season. DenizBank also supported the International Ankara Puppet Festival, organized for the 4th time this year hosting puppet theatres from nine different countries, and the 4th Black Week, bringing together masters of crime fiction and readers. Working to develop financial awareness and habits of saving in young people within the scope of its vision to serve the future of Turkey, DenizBank provided support for the Parametre module of the Parayön project, covering banking trainings, designed by Foder to increase financial literacy rate in high school and university students. With the collaboration, we reached 10 thousand students in the age group of 16-25 in 3 months.

As an institution with well-proven brand value and the permanent supporter of projects that will strengthen the future of our country, Denizbank will continue to set sails towards new achievements.

Changes in DFSG Companies

The changes in Denizbank Financial Services Group Companies are as follows:

On 22 May 2018, Emirates NBD Bank PJSC (Emirates NBD) and Sberbank of Russia (Sberbank) announced that they have entered into a definitive agreement whereby Sberbank will sell its entire 99,85% stake in Denizbank to Emirates NBD. Upon closing of the transaction, Sberbank will cease to be a shareholder in Denizbank. In accordance with the signed agreement, the consideration for 99,85% equals TRY 14.609 mn under a locked box mechanism, based on consolidated equity capital of Denizbank as of October 31, 2017. In addition, Emirates NBD will pay interest on the consideration for the period between October 31, 2017 and the transaction closing date. All profits from the locked box date till closing date will be to Emirates NBD's account. As part of the transaction, and on closing, Emirates NBD will assume ownership of Denizbank's subordinated debt previously provided by Sberbank. The process of the regulatory approvals is ongoing with relevant filings have being made to authorities in Turkey, Austria and UAE.

Amendments to Articles of Association

There is no amendment to Articles of Association.

Amendments to Rating Notes

The amendments to Ratings of Denizbank assigned by Fitch Ratings and Moody's in 2018 are below.

On 09 March 2018, following its announcement regarding the downgrade of Turkey's government debt rating to "Ba2" from "Ba1", Moody's downgraded our Bank's long-term foreign currency deposit rating to "Ba3" from "Ba2" (constrained by the lower sovereign ceiling at Ba3), with a "Negative" Outlook. Moody's affirmed other ratings.

On 7 June 2018, Moody's, following its review for downgrade of Turkey's Ba2 government bond rating on 1 June 2018, has downgraded and/or placed on review for downgrade the ratings of 19 finance companies. Accordingly, Moody's downgraded long-term local currency deposit rating of DenizBank to "Ba3" from "Ba2" and placed its outlook to "Under Review for further Downgrade" from "Negative". Moody's has downgraded Baseline Credit Assessment (BCA) to "b1" from "ba3", while outlook of "Ba3" long-term foreign currency deposit rating has been changed to "Under Review for Possible Downgrade" from "Negative". Short-term ratings has been affirmed at NP.

On 28 August 2018, Moody's, following its announcement regarding the downgrade of Turkey's government bond rating to "Ba3" from "Ba2" on 17 August 2018, announced that it has completed the monitoring of 19 financial institutions which have "Under Review for further Downgrade" ratings. Moody's has downgraded Denizbank's long-term foreign and local currency deposit rating from "Ba3/ Under Review for further Downgrade" to "B2/Negative", Baseline Credit Assessment (BCA) ratings from "b1/ Under Review for further Downgrade" to "b3", Adjusted BCA rating from "ba3/ Under Review for further Downgrade" to "b2", Long-Term Counterpart Risk Assessment Foreign and Domestic Money ratings from "Ba2/ Under Review for further Downgrade" to "B1", while affirming short-term foreign currency deposit, short-term local currency deposit and short-term counterpart risk assessment ratings at NP.

DENİZBANK ANONİM ŞİRKETİ
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
AS OF 30 SEPTEMBER 2018

(Currency: Thousands of TL - Turkish Lira)

*Convenience Translation of
Consolidated Financial Report
Originally Issued in Turkish,
See Note 3.1.c*

On 07 March 2018, Fitch Ratings affirmed our Bank's short-term local and foreign currency ratings as "B", financial capacity rating as "bb", support rating as "3" and long term local and foreign currency IDRs as "BB+" and national long term rating as "AA(tur)" with "Positive" outlook.

On 5 June 2018, Fitch Ratings, following its assesment on Turkish Banks in relation to Turkey's sovereign rating that has been announced on 1 June 2018, has revised the Outlook on "BB+" long-term foreign currency IDR of DenizBank to "Stable" from "Positive". Fitch affirmed DenizBank's short-term foreign currency IDR at "B" and support ratings at "3", while "bb/RWN" viability rating, that has been placed on Rating Watch Negative(RWN) together with other banks on 1 June 2018, has been unaffected by this assesment. On the other hand, Fitch Ratings has placed DenizBank's "BB+" long-term local currency IDR,"B" short-term local currency IDR and AA(tur) National Long-Term rating on Rating Watch Positive (RWP).

On 20 July 2018, Fitch Ratings, following its assesment in relation to the downgrade of Turkey's sovereign rating on 13 July 2018, has downgraded long-term foreign currency IDR of DenizBank to "BB" from "BB+" and revised its outlook to "Negative" from "Stable", while affirming long-term local currency IDR, which was on Rating Watch Positive (RWP), at "BB+" with a "Negative" outlook. Our Viability Rating, which was on Rating Watch Negative(RWN), has been downgraded to "bb-" from "bb". Fitch Ratings has affirmed short-term foreign currency IDR at "B", short-term local currency IDR, which was on Rating Watch Positive (RWP), at "B" and support rating at "3", while our National Long-Term rating on Rating Watch Positive (RWP) has been upgraded to "AAA (tur)" from "AA (tur)" with a "Stable" outlook.

On 01 October 2018, Fitch Ratings, has downgraded long-term foreign currency IDR of DenizBank to "BB-" from "BB" and announced its outlook as "Negative". Fitch has downgraded to "b+" from "bb-". While affirming short-term foreign currency IDR at "B", short-term local and foreign currency IDR at "B" and support rating at "3", Fitch Ratings has downgraded National Long-Term rating to "AA (tur)" from "AAA (tur)" with a "Stable" outlook.
